MEMORANDUM FOR: The Honorable Dave Durenberger
Chairman, Select Committee on Intelligence
United States Senate

SUBJECT: Response to Senator Helms' Letters to
the President

In April, 1985 and again in October Senator Helms wrote the President to express his concern about CIA assessments relating to Soviet strategic issues and monitoring Soviet compliance with arms control agreements. (S)

I have responded to the Senator directly on behalf of the President. Because I believe you would be interested in the answers to Senator Helms' questions, I am sending you a copy along with my covering letter. As you will see, the materials are very sensitive. I ask that you limit access to those with a genuine need to know and keep track of those who read the package. (S)

Because Senator Helms has no secure storage facilities, I told him that I would provide the original copy to the Senate Select Committee, which would hold it for review by designated members of the Senator's staff. A Top Secret clearance is required. We have advised Senator Helms' office that the material is available at the SSCI. (S)
